

# RACE/AUTO CONSTRUCTION STORY

## A HIGHER STANDARD. THIS IS WHERE THE RUBBER MEETS THE ROAD

Pace American trailers are built by racers for racers. We've refined even the smallest detail of the trailer design and manufacturing process to assure our trailers work and last. Shop and compare other brands—by looking beyond the surface, you'll see how they simply don't measure up to Pace's quality. And we know that it's the little things that make huge differences in how a trailer will perform—at the track and thousands of miles down the road. Pace American does it right. Are you proud of what you pull?

THIS PACE WIND-PROOF, CAST ALUMINUM DOOR HOLDBACK IS STANDARD ON MOST MODELS. COMPARE TO OTHER'S CHEAP PLASTIC PIECES.

EXTRUDED ALUMINUM FENDERS, FOUND ON SHADOW GT AND SILVER ARROW MODELS, ARE DURABLE AND CONTEMPORARY IN DESIGN.

OUR PROFESSIONAL WELDERS HAVE THE EXPERIENCE AND TRAINING TO ASSURE YOUR TRAILER'S STRUCTURE IS BUILT TO THE HIGHEST STANDARDS.

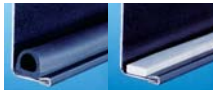

SOLID CORE DOORS ARE TOUGHER AND LONGER LASTING THAN OTHER BRANDS. SIDE DOOR STEPWELLS ARE MADE OF NO-RUST GALVANEAL.

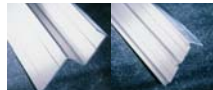

### COMPARE THE DIFFERENCES

ELECTRICAL SYSTEMS INCLUDE JUNCTION BOXES, SCHEMATICS AND AUTOMOTIVE-STYLE CONNECTORS. NO CHEAP STUFF!

EACH DOOR IS SEALED WITH A PREMIUM D-BULB WEATHER STRIPPING LIKE AUTOMOBILES. WE DON'T USE FOAM TAPE.

BETTER LOOKING, INTEGRATED ROOF STRUCTURES, UNLIKE OTHER BRANDS' COSMETIC ADD-ONS, ARE HEAVY-DUTY.

EXPOSED WELD JOINTS ARE WIRE BRUSHED AND COATED WITH ZINC BASED PRIMER. OTHER BRANDS WILL RUST.

PATENTED DUST-PROOF SIDEWALLS W/BOXED OUTRIGGERS STOP DUST AND FUMES AND PROVIDE SIDEWALL STRENGTH.

### CONSTRUCTION FEATURES

- All Pace American trailer models and options are designed by our in-house, full time and certified engineering department. Other brands do not make this commitment. Rest assured, when you order your dream trailer from Pace, your expectations will be exceeded. A Pace trailer will work harder, look better, last longer and be worth more at trade-in time than any other brand! Here's why:
- Recessed rear ramp door with spring assist, flap, beavertail, hinge cover and wiring available on most models
- Rear header cover
- Precision, jig-built, solid core side door w/ flushlock handle
- Door and window openings are steel-framed
- Automotive-style weather stripping helps prevent leaks
- Stepwells are made of no-rust galvaneal steel
- Galvaneal rear cross member
- Premium quality exterior lighting featuring sealed bulb design
- All wiring is routed through plastic grommets in trailer frame
- Patented frame with dust-proof sidewalls on most models
- 16-gauge steel hatposts are strong and keep trailer straight
- 18-gauge, one-piece roof crossmembers

- Aluminum fenders
- Dexter® ITS with EZ-lube hubs on most models
- All-wheel electric brakes with 12v breakaway switch, battery
- Formed-steel wheel boxes are stronger
- Quality trailer-rated radial tires
- Rigid triple-tube tongue front A-frame
- 3/4" exterior grade plywood flooring
- Rigid 3/8" plywood sidewalls for mounting
- Finished white vinyl ceiling and aluminum-trimmed interior on Shadow
- Interior dome lights w/wall switch on most
- 12v fuse/junction box on all models
- .030 aluminum exterior
- Wrapped or mirror finished rear corner posts and header on all models
- Polished aluminum cast front corners with stainless steel inserts on Shadow
- Enclosed, finished landing gear area with ATP, baggage doors on fifth wheel/gooseneck Shadow
- Frame components made from premium steel purchased from superior fabricators for a truer, straighter, longer-lasting structure

- Phosphate power-washed frames and premium automotive quality paint applied in 2 steps
- 6", 8", or 10" I-beam mainframe depending on model
- 12-gauge strapping and gussets in frame
- Seamless aluminum roof on Shadow
- Special high-tech, self-leveling roof sealant
- 5000 lb. heavy-duty nose jack on Shadow tags
- DOT approved safety chains on all models
- T-1000 long-life fasteners
- Conspicuity treatment on models 26' and over
- More interior wall fasteners equal a stronger trailer structure
- Industry-leading manufacturing facilities and quality control processes
- Over 400 authorized dealers with genuine Pace Parts and Service
- Industry's most professional owner's manuals
- 5/3-year honest, fast and fair limited trailer warranty
- And more

\* See product pages for additional standard features unique to each particular series of trailers. Not all features listed here apply to all models. Some items are optional. See your Pace dealer for details.
