

ALL ALUMINUM CONSTRUCTION DONE RIGHT

BETTER QUALITY MATERIALS | INNOVATIVE DESIGNING | LONGER LASTING STRUCTURE | TIGHTER TOLERANCES AND HIGHER STANDARDS

Welcome to the next level in trailer manufacturing! Aluminum is lighter than steel and it won't corrode, making it the premium choice for higher-end trailer construction. And once again, Pace American is leading the way. Our Silver Arrow aluminum models are custom designed and tested by Pace American's own Research and Development team. From the ground up, and with the highest quality and strength in mind, the Silver Arrow represents the future of aluminum trailer building. A heavy-duty aluminum tube perimeter frame and I-beam cross members assure maximum strength and a rust-proof frame, walls and roof. Smooth-sided VHB construction also adds to the sleek, durable and straight look of the Silver Arrow. Leave it to Pace American to widen the distance in quality trailer design.

THE CUSTOM DESIGNED TUBE TOP RAIL ADDS STRENGTH AND RIGIDITY AND HAS A CHANNEL DESIGNED INTO IT FOR THE WIRING.

HEAVY-DUTY FRAME COMPONENTS SPACED AT 16" ON-CENTER MAKE FOR A TRAILER THAT CAN STAND UP TO THE RIGORS OF EVERYDAY USE OVER THE LONG HAUL.

QUALITY WIRING IS RUN THROUGH THIS CABLE MANAGEMENT SYSTEM. IT'S HIDDEN, PROTECTED, AND ALLOWS FOR EASIER ACCESS IF NECESSARY.

THE TUBE MAIN RAILS HAVE SPECIFIC PLACES FOR THE FLOOR, WALLS AND CROSS MEMBERS TO COME TOGETHER, MAKING A STRAIGHTER TRAILER.

SILVER ARROW'S COMPUTER-DESIGNED FRAMES ASSURE TIGHTER TOLERANCES, BETTER FIT AND MAXIMUM STRENGTH AND DURABILITY.

SILVER ARROWS COME WITH A 5-YEAR FLOOR FRAME AND 3-YEAR LIMITED WARRANTY ON THE REST WITH A PROMISE OF FAST, FAIR AND HONEST SERVICE. ASK ONE OF THE HUNDREDS OF THOUSANDS OF SATISFIED PACE OWNERS IF WE STAND BEHIND OUR PRODUCT.

FIT-AND-FINISH

Not all aluminum trailers are created equal. At Pace American, even the smallest, hidden details do not go un-noticed. We build-in superior quality and fit-and-finish compared to any other brand. When you look beyond the surface, you'll see how they simply don't measure up to Pace's quality. The difference is evident in the performance along with the appearance of a quality Silver Arrow trailer. Check one out today.

ALL PACE AMERICAN SILVER ARROW TRAILER MODELS AND OPTIONS ARE DESIGNED BY OUR IN-HOUSE, FULL TIME ENGINEERING DEPARTMENT. OTHER BRANDS DO NOT MAKE THIS KIND OF COMMITMENT TO YOU. REST ASSURED, WHEN YOU ORDER YOUR ALUMINUM SILVER ARROW TRAILER FROM PACE, YOUR EXPECTATIONS WILL BE EXCEEDED. THESE TRAILERS ARE DESIGNED AND BUILT TO WORK HARDER, LOOK BETTER, LAST LONGER—AND BE WORTH MORE AT TRADE-IN TIME—THAN ANY OTHER BRAND!
